

Editorial

Dear Readers,

We are very much delighted to mention all of you that we have completed our 5th successful year in the arena of publishing and research on Toxicology and Forensic Medicine. Over the past 5 years we have spread our wings across the globe and have collaborated with many scholars, researchers and budding scientific community who has contributed to our growth and success. Our combined continuous efforts has received a tremendous response and attracted billions of readers across the globe. During the year 2019, issue 1 of volume 5 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online. Journal of Medical Toxicology and Clinical Forensic Medicine has published articles related to Clinical Toxicology, General Practice, Forensic Medicines, Health Care, Health Care Systems, Health Informatics, Health Services, Healthcare Delivery System, Healthcare Organizations and Systems, Medical Practice, Medical Services, Medical Statistics, Forensic Analysis, Toxicity Analysis, Crime Investigations, DNA Finger Printing, Clinical Forensic Analysis, Patient Care, Forensic Science, Forensic Technologies, Forensic Pathology, Jurisdiction. Out of all the papers published Most of the papers were from United States of Europe, India and African subcontinents. Average publication lag time of an article was further reduced to 45 days. Medical Toxicology and Forensic Medicine is an International peer reviewed, open access journal that provides wide range of knowledge on current on-going clinical trials and research for forensic reporters and healthcare professionals who care for people with acute and chronic illness in emergency conditions. The journal creates a platform for the authors to contribute through their research and scholarly outputs. As prevalence of various health issues is increasing worldwide, it is imperative through research that we understand diverse risk factors, evaluate the efficacy of toxicology reports and deduce the ideal care strategies. The editorial office promises peer reviewing of the submitted manuscripts to maintain quality. The journal aims to publish the most complete and reliable information on discoveries and current developments in the field of Toxicology and Forensic Medicine. Journal of Medical Toxicology and Clinical Forensic Medicine publishes original research, review articles, case studies, editorials and clinical images of Forensic Medicine and Toxicology. The journal also includes limit to various fields of research upon nurses while providing care for Acute and Chronic Illness, Pain management, Critical Care, Rehabilitation, Cardiovascular Care, Chronic Disease Management, Healthcare, Stroke, Primary and Secondary care, palliative care, Health Education making them available online to worldwide researchers without any subscription fee. Medical Toxicology and Clinical Forensic Medicine is using Editorial Manager System to maintain quality in the online manuscript submission, review and tracking process. Editorial board members of Medical Toxicology and Clinical Forensic Medicine along with eminent scholars conduct the review process; at least two independent reviewers approval followed by the editor is required for the acceptance of any citable manuscript. As of today's society, the use of social media has become a necessary daily activity, it is a valuable tool locally and worldwide, so we will communicate with the Researchers, Students, Scholars, Scientists, Professors, Deans, Institutes, Universities, and all the members related to the subject through LinkedIn, Twitter, Facebook, What'sApp. We post the upcoming Issue and Journal highlights and current research works in social networks, So that all the members will get an idea and can work on the research and submit their papers. I take this opportunity to acknowledge the contribution of authors during the final editing of articles published and the support rendered by the editorial assistant in bringing out issues of APN in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of Journal of Medical Toxicology and Clinical Forensic Medicine, the office bearers and staff for their support in bringing out yet another volume of APN and look forward to their unrelenting support to bring out the Volume 6 of APN in scheduled time
